Longest uninterrupted monologue

and ive even had the mildest of dreams
sono nella casa vecchia a lanuvio col balcone, al terzo piano
è notte
sto da solo
ho fame
le griglie somehow non sono in cucina ma attaccate alla
terrazza
spadello patate e strisce di piadina a notte fonda
torno dentro mentre cuociono
riesco
si sono moltiplicate
oh no è troppo. ma non posso buttarli è uno spreco.
ma prima non erano così tante.
prendo la padella, me la porto dentro e mangio
fine
mah
il moltiplicatore dei carboidrati

Sì, lui ci mette un sacco di lavoro nella campagna
Anche dettagli insignificanti
I token devono essere perfetti
Ha ricolorato i coboldi
Perché tutte le illustrazioni online mostrano coboldi rossi
Ma i nostri sono prole di un drago verde
I would like to do all the DMy stuff
For homebrew campaigns
Minus the actual DMing
I help him with the tokens and music sometimes
Plot and worldbuilding and maps would also be fun
But I could never narrate or improvise like him
Anyway I have to level up before the next session
Hmmmmm
So many choices
